BACOT, A. A Note on the period during which the Eggs of *Stegomyia fasciata* (*Aëdes calopus*) from Sierra Leone Stock retain their vitality in a Humid Temperature 280

DOBELL, C. Are *Entamoeba histolytica* and *Entamoeba ranarum* the same Species? 294

DOBELL, C. and JEPPS, M. W. A Study of the Diverse Races of *Entamoeba histolytica* distinguishable from one another by the dimensions of their Cysts. (With Plate VI and 7 Text-figures) 320

DOBELL, C., *see* JEPPS.

GILCHRIST, J. D. F. The Life History of *Distoma luteum* n. sp., with Notes on some Cercariae and Rediae found in S. Africa 311

HOWLETT, F. M. Notes on Head- and Body-Lice and upon Temperature Reactions of Lice and Mosquitoes 186

JEPPS, M. W. and DOBELL, C. *Dientamoeba fragilis* n.g., n.sp., a new Intestinal Amoeba from Man. (With Plate VII) 352

JEPPS, M. W., *see* DOBELL.

KEILIN, D. On the Occurrence of a Cephaline Gregarine, *Leidyana tinei* n. sp., in Lepidopterous larvae. (With Plate IX and 1 Text-figure) . . . 406

NICOLL, W. On the Occurrence of Hydatid Cysts in Monkeys 288

NICOLL, W. *Dolichopera macalpini* n. sp., a Trematode Parasite of Australian Poisonous Snakes 290

NICOLL, W. The Trematode Parasites of North Queensland. IV. Parasites of Reptiles and Frogs. (With Plate VIII) 368

NUTTALL, G. H. F. Bibliography of *Pediculus* and *Phthirus*, including Zoological and Medical Publications dealing with Human Lice, their Anatomy, Biology, Relation to Disease, etc., and Prophylactic Measures directed against them 1

NUTTALL, G. H. F. The Part played by *Pediculus humanus* in the Causation of Disease. (With Plate I) 43

NUTTALL, G. H. F. The Biology of *Pediculus humanus*. (With Plates II and III and 12 Text-figures) 80

NUTTALL, G. H. F. The Pathological Effects of *Phthirus pubis* 375

PAGE

NUTTALL, G. H. F. The Biology of *Phthirus pubis*. (With 9 Text-figures) . 383

NUTTALL, G. H. F. Combating Lousiness among Soldiers and Civilians. (With Plates X—XIII and 26 Text-figures) 411

STEWART, F. H. On the Development of *Ascaris lumbricoides* and *A. mystax* in the Mouse. (With Plate IV) 189

STEWART, F. H. On the Life History of *Ascaris lumbricoides* L. 197

WALTON, C. L. Some Results of a Survey of the Agricultural Zoology of the Aberystwyth Area 206

WALTON, C. L. Liver Rot of Sheep, and Bionomics of *Limnaea truncatula* in the Aberystwyth Area. (With 5 Text-figures) 232

WARBURTON, C. Notes on Ticks. (With 3 Text-figures) 284

WEIDMAN, F. D. A contribution to the Anatomy and Embryology of *Cladorchis* (*Stichorchis*) *subtriquetrus* Rudolphi, 1814 (Fischoeder, 1901). (With Plate V and 2 Text-figures) 267

INDEX OF SUBJECTS

PAGE

Aberystwyth Area, zoological survey of 206
Bibliography of *Pediculus* and *Phthirus* 1, 582
Diseases conveyed by *Pediculus* and *Phthirus* 43
„ *see* Insecta, Protozoa, Vermes (as causative agents of disease).
INSECTA
Diptera, blood-sucking, in Wales 220
„ Mosquitoes, temperature reactions of 186
„ parasitic, in Wales . . . . . 225 *et seq.*
„ *Stegomyia fasciata*, biology of 280
„ warble flies in Wales 223
Pediculus humanus, anticoagulins in salivary glands of . . . 74
„ „ biology (special Index) 80
„ „ pathological effects 65
„ „ relation to typhus fever 44
„ „ „ relapsing fever 57
„ „ „ various diseases 66
„ „ temperature reactions of 186
see Bibliography, Lousiness.
Phthirus pubis, biology 383
„ „ pathological effects of 375
see Bibliography, Lousiness.
Ixodoidea, found in Wales 216
„ *Hyalomma monstrosum* Nutt. and Warb., ♀ described . . . 284
„ *Ornithodorus asper* n. sp. 287
„ *Ornithodorus piriformis* n. sp. 285
Limnaea truncatula, bionomics of 232
Lousiness, combating it among soldiers and civilians (special Index) . . 411
PROTOZOA
Dientamoeba fragilis n. g., n. sp. 352
Entamoeba histolytica 294, 320
„ *ranarum* 294
Leidyana tinei n. sp., a cephaline gregarine in lepidopterous larvae . . 406
Piroplasma, *see* Piroplasmosis.
Spirochaeta recurrentis, *see* Relapsing.
Piroplasmosis in Cattle in Wales 218
Relapsing Fever, conveyance by *Pediculus humanus* 57

PAGE

Sheep, parasites of, etc. 206, 232
Typhus Fever, conveyance by *Pediculus humanus* 44
VERMES
Acanthochasmus quaesitus sp. inquir., trematode in crocodile, N. Queensland 372
Aptorchis aequalis Nicoll, trematode in turtle, N. Queensland . . . 370
Ascaris lumbricoides L., development in the mouse 189
„ „ life history 197
„ *mystax*, development in the mouse 189
„ *suilla* in pigs 216
Brachysaccus juvenilis n. sp., trematode in frog, N. Queensland . . 368
Cladorchis (*Stichorchis*) *subtriquetrus*, trematode, anatomy . . . 267
Distomum hepaticum 238
„ *luteum* n. sp. in S. Africa 311
Dolichopera macalpini n. sp. in snake 290
„ *macalpini* Nicoll, figured 374
Gid in sheep 207
Hydatid cysts in monkeys 288
Lecithochirium dillanei n. sp., trematode in sea-snake, N. Queensland . 373
Sigmapera cincta n. sp., trematode in turtle, N. Queensland . . . 371
Strongylus filaria in calves 214
Syngamus trachealis in fowls 215
Taenia echinococcus in sheep 213
Trematoda 368

Correction: pp. 286–7, read *asper* in place of *asperus*.
